[December 2019 Federal Grant Opportunities](#)

Aloha,

The December 2019 Grants Newsletter is your latest monthly resource for government agencies, schools, non-profit organizations, and businesses interested in pursuing federal grant and cooperative agreement funding. Information follows on currently available opportunities and a few success stories.

Hawaii success stories:

Manoa Heritage Center (MHC) received a \$90,000 National Endowment for the Humanities *Creating Humanities Communities* competitive grant program in 2017. The funding supported the “Connecting Educators through Native Hawaiian Cultural Resources” project which researched Hawaiian language newspapers and archives, including information about Kukao Heiau located at MHC, and is making this information available to educators in the public school system.
